

WE CARE FOR YOUR BEAUTY

## SCANDINAVIAN LASH

Make eyelashes longer, thicker, fuller!

### Function

SCANDINAVIAN LASH is for increasing the growth including length, thickness and darkness of eyelashes.

### Dosage

Apply nightly directly to the skin of the upper eyelid margin at the base of the eyelashes using the accompanying applicators. Blot any excess solution beyond the eyelid margin.

Additional applications of SCANDINAVIAN LASH will not increase the growth of eyelashes. Upon discontinuation of treatment, eyelash growth is expected to return to its pre-treatment level.

**Do not apply** in your eye or to the lower lid. Only use the sterile applicators supplied with SCANDINAVIAN LASH to apply the product. If you miss a dose, just apply SCANDINAVIAN LASH solution the next evening. It will be seen significant improvement by 2 months after starting using.

Don't allow the tip of the bottle or applicator to contact surrounding structures, fingers, or any other unintended surface in order to avoid contamination by common bacteria known to cause infections. Contact lenses should be removed prior to application of SCANDINAVIAN LASH and may be reinserted 15 minutes following its administration.

### Storage

Store SCANDINAVIAN LASH solution at 36° to 77°F (2° to 25°)

### Precaution

Do not get in eye. Discontinue use if redness or irritation occurs. If redness or irritation persists or is excessive, consult your physician. We recommend you not use if you are pregnant or nursing, actively undergoing cancer chemotherapy, or under age of 18. If you are being treated for any ocular disorder, use under the supervision of your physician. Do not use if you are sensitive to any of the ingredients on label. Some users get slight darkening at the base of their eyelashes (primarily with excessive use). If this is of concern to you, do not use. Keep out of reach of children.

### Ingredients

Purified Water, Hyaluronic Acid, Collagen, Cucurbita Pepo Pumpkin Seed Extract, Sphingolipid, Myristoyl Pentapeptide-17, Arginine
